BRAN Checklist

When packing for BRAN, the key thing to remember is to keep it simple. Each rider has baggage tags for two bags (45 lb. limit each). Do not bring baggage with metal or solid frames such as suitcases. Duffel bags are highly recommended. Do not lash bags together. Some riders use bright colored tape or ribbon to help identify bags. Also, it's a good idea to pack clothing in clear plastic (ziplock type) bags to keep them dry. Laundromat facilities are usually available, so don't over pack. The following are items which should be included in your baggage:
